Old Business:

Richard Tincher and Lynnette Allen attended the Town Council meeting on January 9, 2018 in regards to a Plan Commission budge. Discussed to budget to the Plan Commission around \$14,000, but the Board was waiting to hear the results of the 1782 informing the Town Board how much funding the town will get from the County tax. The results from this is a huge shortage compared to budget so they will have to reassess our budget. Mark Tucker feels that there will be money available for the Fiscal study. He hopes to have more information by next meeting.

Gene did verify that any changes will need to have legal documentation done by surveyor. Lynnette motioned to have Gene contact several surveyor companies for quotes for services rendered. Richard Tincher 2<sup>nd</sup> unanimously approved.
