Business

1. **Wastewater rate amendment**—Notice was published at least 10 days prior to public hearing and posted in 3 public places as well as sent to each customer in the Rice/Kellam district. Discussion on wastewater.
Barb Smith – discussion of why need to have rate go up for sister who is customer – she is only one person. Neil – brother – states she probably only uses 8-10 gallons of water a day. There are various other issues that don't pertain to this but there is a concern with the amount of water that is estimated. They are just looking for fair amounts. Thank you for listening.
No more discussion from public.
Discussion from council and attorney on just and equitable rates. Discussion on refunding and SRF loans.
Close-Motion to close by Wandersee – 2nd by Pipes – motion carried. Adjourned @ 7:19pm.
