- o **Stormwater project update**–Informative session to update our new council liaison. Discussion on questions for Stormwater flooding and issues in past which pre-empted the need to get grants to help with these issues. Discussed various studies that the Town has done to see the needs of the Stormwater Utility. Discussion on reasoning of \$1 increase instead of \$.43 per resident. Stormwater board is looking at the future needs of the Stormwater utility with the projects that are needing to be done. Future projects include Mattie Harris culvert, Morton Ave. bridge, etc. \$1 increase would help to build reserve funds for future projects and routine maintenance. From K. Slick – looking good on timetable. Everything moving forward. From G. Kates – had a call from purchaser for an update. Lawyer getting paperwork up to date.

Killen motion to close meeting – Farmer 2nd– motion carried. Adjourned at 5:30p.m.
